for it a hardly probable that this wonderful power was given us that we might in-dulge in solliequies. Place a human being whole system in vigor and health. And delige in solitoquies. Piace a human being in utter solitude; suppose him to be igoorable that other beings like himself exist—the sease of loneliners, the vague but in tease craving for social converse, the deep years ag of his soul, testify that he is out of his element, that he had lost part of his being. There is an infulnited exertion, a searching, unreating desire. So it is in respect to religion. The state of man without God, it signiar. Our religion, without God, it signiar. Our being in God does not appear at first the state of the delicate and well ordered mixture of perfect buttelive elements, it is the lightest and safest food the delicate dyspeptic can belief in God does not appear at first us and safest food the del cate dyspeptic can this ferm of a deduction, in the form of a take. It cools fevers. It gives strength properation, but in the form of trust, revenues, farr, graitude, supplication, in the form of dependence and obligation; in the same way that the social instinct maker than the social in

istuated together ageth, striffes on as hour as below.

The hours are below, and the truck is cleared the very time—all the way. The footing element it is easy and the very time footing element it is easy and the state. All, there is the opening just about, the gloss of water begund The beathering just about, the gloss of water begund The beathering, just about, the gloss of water begund The beather of the state of th

breath a flary goap, each spring the lamp of a wild channels.

Oh, the mind rush of that ride for life! Will the over forget the harding flight helmen see, and show, the gale on had cheek, the leavement in her care?

A mile! a mide! Between was and show, on the firm tide much. And still the pale-house rune before with his ginestly stokens rider. Factor, Ele, faster yet! Fray God they be not too late! Summer branen, desfron before, walt them on from behind! Shelving sands, olig not the steeff braye feet, give him smooth footing, and first! Tide rippim, wash up and lave he bet health! Hasten theat, surth and alreshelp them, for life's recent mile!

Heaten them, such and all—help them, for lift's awast mixt.

On they dead, heate districting lifts, hall. Eith sym are on the mill, she cans only that. The moonlight lies calls and white. The sometimes waters sucreate to the things made. He lift on that loosly above, save only the one and dight. High beats leap up on the right, a bundred feet sheer. Beyond, in the wood, Eit hears the whippoorwide moorantal coug, the park meaning ery. The straight gaths her shudder—so waird, so whill it seconds the an ones of death. Half of the mis is behind. The reof draws necessary round the high nock into sight, the sail fings over . He sees a heman form. A man less forward on the lettle dock, featurg over the side, gasing intensity down through the shimmaring deep. Else shuther, but hope, The is not the action of a cans man, but it is a posture of life, not of death.
Couch, Robert, onick! Buster, feeter! The

or same man, but it is a posture of irin, not of danth.

Quick, Robert, quick! Faster, faster! The ledge denives on. The end is near. The horse writher forward to a wilder pace. Every more chargad, sweep cord, every fibre strong, takes the lent quarter rade with a manddened ruth, goes hone with the awop of a hawk. Straight for the ledge they strike. "Ware!" a neil Thoy will dank on the rocks—but, no. 6th man it all. She garde lany with a touch—just in time. He stwartes to the left, attraight into the ware, dang, days, connec to a hall with a chargering plumph. She is flung headlong into the water by the shock, but rime instantly, dashes the brine from heregue, langs up on the nangust ruck.

Over the ledge she goet, leaping from rock to rock, climbing, wading, slippong, falling, riming again, cut and brimed, heading and, struggling, scrambing da.

Quick, Kit, quick, for the love of heaven! The glassity phantom used Grales side. Is whapper in hig ser, "George calls, therefore it has a present the second of the atumnes my wave, it wears George Gladwich face it beckness this, it is George's familiar gusture. He heave his vecce, it is soft and love, it entereds. "Conn., John, come, some?"

olta, como, come l' Quick, Est, for love's sake, quicki coming!"

He lays off his cost—the instruct of orderly helict with him still in his madesse. He

labet with ham still in his medices. He learn over again, both plows:
"Pen corning, George" he cross again, "conday, countage"
Est straightess up for the plungs. One monant nears!
Two light fest lesp late the heat. Two , arms go round his neck,
"Father, father," size criss, "come home, come home."

"Father Asher."

He turns his face upon her—a strange face-heighard and with. He straggles, makes so though he would strike her. She shudders, but does not strike. He leaks her bush tygkher, changs to him farmity. He looks into the level face hearly. The without distance of his eyes. The power of machine goes from him. He make down, who clunging to him.

from him. He make down, the clunging to kim.

"I've poid the meetings, father? She shows him theighiteting come. See, father—gold gold?"

He look at her standingty—looks said, living, is it to clink of the gold id heavy lit yellow glann that he sent? Ho. Set the red gold. He heave a loved voice, mapsishably sweat in kinears. He may a tidin, while fate that it deaver to kim then life. The voice and the fates of true love! He heavy he may be possed; heat open as the row A peacet; heat open make his syes, a scale plays body upon his lips. He head slabs had in her arms, mate up the true, that heart that her hear that, more then sweatheast, more than write!

"God bises ye Kin, "he merusors. "Par field ye've couse learns."

"god him, in the season with the heart that he had yet the straight with the heart that he had been and thought forward. Grown learns, results and that he heart with flowers to have heart that he partners fields.

It would have been and that flowers to have he may be not a the partners fields. The partners fields that he had flowers to have he had a the partners fields.
